

NOVA FLOOR®

2020 PORTFOLIO

Explore the possibilities...

No other brand of luxury vinyl flooring gives you so much and in so many ways as NovaFloor® by Novalis® Innovative Flooring.

Responsibly made...

All NovaFloor® products are made with the highest quality standards for the environment, inside and out.

maybree®

Maybree® is the ultimate rigid core LVT flooring for your home. With Maybree®, you'll have it all in terms of styling, construction and performance. Our rigid core, HDC floating floor planks, with our NovaClic® locking system, is made extra thick (6mm) and is water resistant as well as dent resistant. We've even added an attached foam underlayment for sound barrier and comfort. And with NovaShield®, your new Maybree® floor will have the best protection possible.

NOVAFLOOR® COORDINATED MOLDINGS

Nothing creates that finished, custom appearance better than coordinated moldings for your new NovaFloor® installation. To order, ask your NovaFloor® retailer for details. For advice on how to properly install moldings, go to installationadvice.com.

V1 has the least amount of variance. V4 has the most variance from tile to tile or plank to plank.

NOVAFLOOR® APPEARANCE VARIABILITY RATING SYSTEM

Your satisfaction is always our top concern. So we don't want you to be surprised between the sample you see in the showroom and what you'll see across your finished floor. That's why we created the "Appearance Variability Rating System" on all our products in the form of a "V number" to help you know what to expect in the finished appearance of your new flooring.

Also, use our online visualizer at www.novafloor.us for additional visuals.

At NovaFloor®, sustainability is about keeping:

People healthy

- All our floors are FloorScore® certified for low VOC
- We are transparent about what we put into our products
- Our products are 100% phthalate-free

The earth habitable

- 100% of production waste is recycled in a closed loop system.
- We use the cleanest fossil fuel energy available in the world today.
- 100% of production water is recycled

ALWAYS TO THE HIGHEST STANDARDS

Declare.
